CLINOMIC CENTER FOR CLINICAL RESEARCH

Is the premier institute dedicated in promoting ethical research and high-quality Clinical Research education in India. Clinomic addresses the need for qualified and trained clinical research professionals by offering various programs in clinical research at its center of excellence campus in India.

Clinomic serves you with a platform that trains all aspirants to be well prepared to meet the needs of this “ever evolving Industry” by disseminating knowledge and skills in core and frontier areas of clinical research. Clinomic provide an independent global framework for international education, training and exchange of information for clinical research professionals and to foster professional excellence in design and execution of clinical research, thereby contributing to enhancing the clinical research culture in India.

Clinomic is India’s premier Clinical Research Institute with one decade of expertise in the field of clinical research education. Clinomic aims to nurture and create an environment of learning and implement international standards in the interests of clinical research and healthcare studies through its centers located in Pan India.

This will ensure that India meets the global expectations and emerges as top clinical research and healthcare destination.

VISION

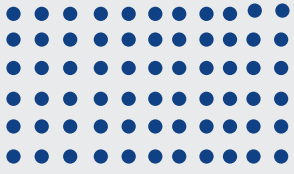

“Our vision is to be the global leader of excellence knowledge center in the field of Clinical Research and to serve clinical research science industry for the social well being.”

MISSION

“We are committed to Quality, Speed, Value and Integrity and empower our students with rigorous knowledge and hands-on practical training of Clinical Research and to provide the platform and opportunity to the young capable minds to enter the field of Clinical Research.”

Duration: 6 Months

EXECUTIVE DIPLOMA

IN CLINICAL RESEARCH MANAGEMENT

Learn from anywhere in the world

Program Overview

The "Executive Diploma in Clinical Research Management" is dedicated to professionals seeking to enhance their knowledge and skills in the clinical research sector while managing their professional responsibilities. The program is designed as a fully online course, ensuring that participants can engage with the material conveniently from any location. This flexibility allows working individuals to integrate learning into their schedules without disruption.

MODULE

1 FOUNDATION OF CLINICAL RESEARCH

Chapter 1-6 : Topics will include the introduction to clinical research, trial design, regulatory affairs, ethics, data management, and recruitment strategies.

Learning Objectives: Understand the basics of clinical research, regulatory compliance, and data management practices.

Assessment: An online examination will be conducted through the Clinomic app after completing this module.

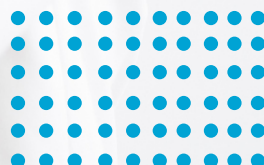

MODULE

2 METHOD & APPLICATION OF CLINICAL TRIAL

Chapter 7-12 : Focuses on advanced topics such as pharmacovigilance, special populations in clinical trials, emerging technologies in research, and career development strategies.

Learning Objectives: Gain in-depth knowledge of complex research issues, regulatory requirements, and the implications of new technologies.

Assessment: An online examination will also occur through the Clinomic app after completing this module.

INDUSTRY SPEAK ABOUT CLINOMIC

TO WHOSOEVER IT MAY CONCERN

Edenwell Therapeutics Pvt. Ltd has been associated with Clinomic Centre for Clinical Research, Thane. for past two years through extending its platform for the Clinomic candidates for industrial training at Edenwell Some of the good candidates have been absorbed in our organization after completion of their industrial training with us based on their performance. We would like to congratulate Clinomic for supporting the candidates in building clinical research knowledge foundation and are happy to continue our association with them for industrial exposure of their candidates.

We wish them success and good luck !

TESTIMONIAL FROM FORTIS HOSPITAL

Ms. Maithili Janye has joined Fortis Mulund in the first week of Jan in capacity of Clinical research coordinator.

It's about a month now and we find her performance is meeting the expectation of organization and is satisfactory.

Her capabilities and her efficiency is acknowledged by seniors in the organization and we hope to see her achieving new heights.

We would be happy to have long term association with your organization and we hope to get good talent in future positions as well.

Thank you

Dr. Supriya Amey

Medical Superintendent

Research Allied Vision

RAV team,

"I would like to give a BIG thanks to the Clinomic team for the support received in identifying good candidates for vacancies in RAV Research Pvt Ltd, all over India. Special thanks to Ms.Chaitali for immediate support, everytime. I found all candidates well trained and knowledgeable. Looking forward to a long collaboration with Clinomic. All the best !!! "

Thank you.
Team RAV.

TESTIMONIAL FROM MADHAVBAUG

To Clinomic,

During the time that we were hiring from Clinomic center for Clinical Research Pvt. Ltd., we are always been very impresses with their professional approach. The students that have send to us are well prepared and have a good knowledge in Clinical Research; there has obviously been a lot of thought on the part of Clinomic regarding sending us a right type of student. Thanking you so much for your efforts.

Thank you

Dr. Rahul Mandole

Sr.Clinical Research Associate

“journey shows the power of the right skills and mentorship!”

What our students say *about us*

"I recently completed the Clinical Research course with Clinomic and had an exceptional learning experience. The course content was comprehensive, well-structured, and perfectly balanced between theoretical foundations and practical applications. The instructors were highly interactive, engaging with us thoroughly in both offline and online classes.

Course Done:
Advance Diploma In Clinical Research

It was really a good experience with Clinomic. Whole staff is very helpful and encouraging. PD sessions and Interview preparation conducted were so helpful to crack the interview.
Thank you Clinomic!!

Khushboo Sharma

INDIRA IVF
FERTILITY & IVF CENTRE

Clinical Research Coordinator

Course Done:
Advance Diploma In Clinical Research

"I completed a course that covered all major aspects of clinical research, pharmacovigilance (PV), clinical data management (CDM), and regulatory affairs (RA). Each **faculty** member brought in-depth knowledge and real-world experience from their specific domain, making the content highly relevant and engaging.

The institute also provides a strong commitment to job placement, which I can personally attest to, as I secured a position in a multinational company within the PV domain. This course is an excellent choice for anyone looking to start or advance their career in clinical research."

Abhishek Shedge

Vasta®

Clinical Research Associate

Course Done:
Advance Diploma In Clinical Research

I have completed Advance diploma in this Clinical Research Institute and my experience has been outstanding. The curriculum is comprehensive, and the faculties are knowledgeable and experienced. They were always supportive and helpful, providing invaluable guidance throughout the program. Their dedicated support played a pivotal role in helping me secure my first job in Clinical Research field. I highly recommend this institute to anyone interested in pursuing a career in clinical research.
